Smart Solution,
JOHANNESBURG

We wish to place on record our complete satisfaction at the content of the First Aid Training Course which took place at our school in June 2011 and was aimed at Levels 1 and 2.

We would also like to congratulate Andrew Miller on his presentation and knowledge. The courses were conducted efficiently, but with a sense of humour which made the learning experience a lot easier to absorb, whilst at the same time underlining the seriousness of injuries sustained in the wilderness.

We look forward to Andrew's return visit when we refresh our courses in 2014.

Kind regards,

(Mrs.) Lin Insel
