Re: **S. M. A. R. T. – Wilderness First Aid Training**

We have been using S.M.A.R.T Solution as our First Aid Training Provider for the last 3 years. During this time we have been provided with top quality First Aid training. Their level of professionalism is of the highest standard in the market & their training caters for our unique operation & possible emergencies.

We will definitely keep building on our relationship with them.

I would urge any company looking for a dedicated & professional training provider to make use of S.M.A.R.T Solution.
